Manufacturing company, CODIPRO, strengthened its ties with the American market this week, welcoming James Aujay and John Trageser from Lifting & Rigging Specialty Sales, Inc., for a week during which they showcased their production process and personnel.

The goal is to make CODIPRO the benchmark specialist in articulated lifting rings in the USA. LRSS is CODIPRO's importer of record in the USA, and has just hired John Trageser as CODIPRO product specialist promoting their goods in the US.
